

REMARKS

With reference to the above-captioned case, please preliminarily amend this divisional application of co-pending U.S. Patent Appln. No. 10/402,516 (now U.S. Patent No. 6,736,281) in accordance with 37 CFR § 1.115 and MPEP 714.01(e).

This Preliminary Amendment amends the claims designated as Group I (in pertinent part) which are the subject of this divisional application, namely, to a single disclosed species within Group I (represented by original Claims 23-25 filed in the parent case) and withdrawn in response to the Restriction Requirement dated 06/26/2003 of the parent application.

Claims 4-11 previously submitted herein are canceled to comply with the filing requirements for a divisional application set forth in MPEP 201.06.

Respectfully submitted,

Date: 9-22-05
